AS

AS BATHROOM FILTERS

AS BATHROOM FILTERS

Natural river and ground waters contain various salts, mainly bicarbonates, chlorides and sulphates. The presence of salt causes the hardness of water, which is disadvantageous for the human body and makes foaming soap and other detergents more difficult. Using our filters you can get rid of harmful substances and bacteria from the water, improve the quality of the bath and the more efficient use of washing machines or dishwashers.

SHOWER FILTERS

Filters filled with quartz bed and KDF-55 deposit - removes chlorine (up to 99%), heavy metals (mercury, lead, etc.) and suspensions. Prevents the growth of bacteria. Systematic use of the filter provides the necessary protection for the skin, hair and lungs against the influence of harmful chlorine and heavy metals.

Benefits of using:

- relief for dry skin and irritated eyes
- healthier and younger-looking skin
- smoother and easier to apply hair
- protection of the lungs, mucous membranes and tissues
- eliminates bad smell

WASHING MACHINE FILTERS

The washing machine and dishwasher filters protect household appliances against scaling, which accumulates on the elements of household appliances (drums, heaters, etc.), destroy equipment and increase energy consumption. The filter increases the efficiency of detergents up to 30%.

BATHROOM FILTERS

AS-SHO SHOWER FILTERS

FHSH-8-C

Hand-Held Shower Filter with cartridge, handle type 8 (regular shower disc). **New style** convenient hand-held design and 99% chlorine reduction. Restores natural softness to hair, scalp and skin. Filter connection 1/2" FIP. Set includes: Shower filter, cartridge, accessories.

FHSH-5-C

Hand-Held Shower Filter with cartridge, chrome handle type 5 (regular shower disc), with three different shower massage functions. Convenient hand-held design and 99% chlorine reduction. Restores natural softness to hair, scalp and skin. Filter head dimensions: 10,5 cm, 1/2" FIP. Restores natural softness to hair, scalp and skin.

FCSH-56_K

Set of 2 filtration cartridges with KDF and ceramic media for hand-held shower filter series: FHSH-5-C, FHSH-6-C and FHSH-8-C. Set includes: 2 x cartridge.

FHSH-1

FCSH-1

Experience a refreshing showering with AQUAFILTERS barrel type multi-stage Shower filter with GAC and KDF media. The unique shower filter is engineered to reduce a broad Spectrum of contaminants, Restores natural softness to hair, scalp and skin. Set includes: Shower filter and cartridge.

AS-WMF

WASHING MACHINE FILTERS

FHSB

Bath ball filter for quick chlorine removal. Filter media: KDF filament & Crystal Quartz. No plumbing or fittings required.

FHPRA

Water anti-scale washing machine filter 3/4" Male x 3/4" Female (BSP) with brass insert.

FHPRA-P

Water anti-scale washing machine filter 3/4" Male x 3/4" Female (BSP) plastic insert.

FHPRA-R

Replacement polyphosphate for filter FHPRA - (250 gram).

AU

AU POINT-OF-USE

AU POINT-OF-USE

A Point-of-Use water filter is a type of water filtration system that treats the water at a single tap. These types of filters are most commonly installed under a kitchen sink in order to provide high-quality, clean and healthy drinking water at the kitchen tap. Unlike whole house water filtration systems, which treat water as soon as it enters your home, Point-of-Use water filters treat water right before it reaches the single tap that it is connected to.

AU-FOU FAUCET FILTERS

FH2018-1-AQ

FH2018-1-AQ : Faucet filter with coconut shell carbon cartridge complete set.

FH2018-2-AQ: Faucet filter with ultrafiltration membrane (UF) and coconut shell carbon cartridge complete set.

FH2018-2-AQ

FC2018-1-AQ

FC2018-1-AQ: Carbon cartridge for faucet FH2018-1-AQ or FH2018-2-AQ.

FC2018-2-AQ

FC2018-2-AQ: Carbon and ultrafiltration (UF) cartridge for faucet FH2018-1-AQ or FH2018-2-AQ.

AU-FUCS UNDERCOUNTER SYSTEMS

FP2-W-K1

2-stage economical undercounter filtration system, made of WRAS certified components. Package contains: 1 stage transparent sump with sediment 5 micron cartridge (FCPS5), second stage white sump with carbon block (FCCBL) cartridge, wrench, chrome faucet, 1/2" feed water connector, tubing and other accessories for easy and quick installation.

FP3-K1N

3 stage undercounter water filtration system suitable for POU (Point of Use) installations. Through an accurate combination of pre-filtration, softening and activated carbon with special media treatments it ensures you a continuous supply of fresh and clean drinking water. Includes: 5 micron-rating Sediment filter FCPS5 (Stage 1) Softening cartridge FCCST2 (Stage 2) Granular Activated Carbon with KDF media cartridge FCCBKDF (Stage 3) Set include all accessories for easy and quick installation.

AU-FUF OPEN TYPE ULTRAFILTRATION SYSTEMS

FP3-HJ-K1N

4 stage undercounter water filtration systems with (UF) ultrafiltration membrane, made of WRAS certified components.

Package contains:

Cartridges:

- First stage transparent sump with sediment 5 micron cartridge (FCPS5)
- Second stage white sump with special softening cartridge (FCCST2)
- Third stage white sump with (GAC) granulated coconut shell carbon mix with KDF media (FCCBKDF) cartridge
- Fourth stage (UF) ultrafiltration membrane (TLCHF-2T) in 2" transparent in-line housing

Accessories:

- Wrench
- Long reach chrome faucet
- 1/2" feed water connector with valve and tubing
- ...and other accessories for easy and quick installation

AU-FCTS COUNTER-TOP FILTERS

FHCTF

Single transparent housing countertop water filter with 2 stage filtration, made of WRAS certified filter housing and components. **Package contains:** FCCA-STO cartridge 2 in one (sediment and activated carbon cartridge), faucet, water connector to faucet, tubing, color box.

FHCTF2

2 stage two filter housings countertop water filter, made of WRAS certified components. **Package contains:** first stage sediment cartridge 20 micron (FCPS20) and second stage carbon block cartridge (FCCBL), faucet, water connector to faucet, tubing, color box.

AU-FUFC COVER TYPE ULTRAFILTRATION SYSTEMS

EXCITO-WAVE

4 stage (UF) ultrafiltration systems based on "TWIST" cartridge type. **Package contains:** cartridges AIPRO-1M-TW, AISTRO-2-TW, FCCBL-S-TW, TLCHF-TW, (for more specific cartridge information please check the cartridge section) FXFCH17-C long reach chrome faucet, 1/2" feed water connector tubing and other accessories for easy and quick installation.

AU-FUCC COVER TYPE SYSTEMS

EXCITO-ST

4 stage water filtration system in compact slim case. **Package contains:** cartridges AIPRO-20M-AQ, AISTRO-L-AQ, AICRO-L4-AQ, AIPRO-1M-AQ (for more specific cartridge information please check the cartridge section), FXFCH17-C long reach chrome faucet, 1/2" feed water connector tubing and other accessories for easy and quick installation.

EXCITO-CL

Alkaline 5 stage water filtration systems in compact slim case, uses Nanosilver Technology with transparent filtration in-line type cartridges. **Package contains:** cartridges AIPRO-1M-CL, AISTRO-L-CL, FCCBL-S-CL, AIFIR-250, AICRO-AB, FXFCH17-C long reach chrome faucet, 1/2" feed water connector tubing and other accessories.

EXCITO-B

5 stage (UF) ultrafiltration systems system in compact slim case base on Quick Male connector cartridge type. **Package contains:** cartridges AIPRO-20M-QM, AISTRO-2-QM, AICRO-3-QM, AICRO-4-QM, TLCF-2T, FXFCH17-C long reach chrome faucet, 1/2" feed water connector tubing and other accessories for easy and quick installation.

AE

AE
POINT-OF-ENTRY

AE POINT-OF-ENTRY

Point-of-Entry systems are professional devices (POE) providing clean water to the whole house installation. Depending on the type of cartridge used, they can act as a softening or deironing system. In our offer you can find two or three-stage systems based on traditional 10-inch housings or high-performance systems based on 10 or 20-inch Big Blue® housings. The systems can optionally be equipped with, for example, BY-PASS systems or pressure gauges.

Whole House Water Solutions

Aquafilter Whole House Filtration System provides a complete solution for your water applications.

**BIG BLUE
WHOLE HOUSE SYSTEMS**

AE-HHB BIG BLUE WHOLE HOUSE SYSTEMS

part no. size
HHBB10A | 1" BSP

10" whole house Big Blue water filtration systems, made of WRAS certified components. **Set includes:** 2 x 10" Big Blue type filter housing with brass inserts, 2 x pressure gauge, metal platform, wrench, bacteriostatic filter cartridge centralizing rings.

Benefits:

- 10" & 20"BB Filtration systems
- Quality drinking water
- Protect home appliances
- Healthier pets and plants
- Low maintenance system
- Chlorine and odor free showers

part no. size
HHBB20A | 1" BSP

20" whole house Big Blue water filtration systems, made of WRAS certified components. **Set includes:** 2 x 20" Big Blue type filter housing with brass inserts, 2 x pressure gauge, metal platform, wrench, bacteriostatic filter cartridge centralizing rings.

part no. size
HHBB10B | 1" BSP

10" whole house Big Blue water filtration systems, made of WRAS certified components. **Set includes:** 3 x 10" Big Blue type filter housing with brass inserts, 2 x pressure gauge, metal platform, wrench, bacteriostatic filter cartridge centralizing rings.

part no. size
HHBB20B | 1" BSP

20" whole house Big Blue water filtration systems, made of WRAS certified components. **Set includes:** 3 x 20" Big Blue type filter housing with brass inserts, 2 x pressure gauge, metal platform, wrench, bacteriostatic filter cartridge centralizing rings.

System Components

Pressure Release Valve

Molded in brass insert for pressure release in the filter housing is used for easier cartridge replacement. The valves are installed in the inlet and outlet side of the filter housing cap.

Inlet and Outlet

Molded 1" brass insert for leak proof heavy duty connection. The brass inserts are installed on both sides of housing cap.

Brass Extension for Pressure Gauge

For easy installation. The pressure release valve located in the filter housing is used for easier gauge display above the metal frame.

Pressure Gauges

This easy to use water pressure test gauges a maximum pressure of 11 bar easily, and determines the incoming water pressure from main water source and cartridge to cartridge. Additionally, pressure drop can be monitored through the two pressure gauges.

Filter Housing Wrench

Filter housing canister wrench fits all Aquafilter type of Big Blue housings.

Metal Frame

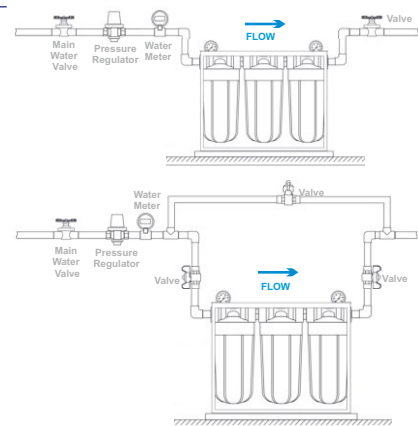

Powder coated heavy duty connection steel frame for easy system installation.

Antibacterial Filter Cartridge Centralizing Rings

This product centralizes the filter cartridge inside its housing and reduces the risk of damage to the cartridge and housing elements at installation.

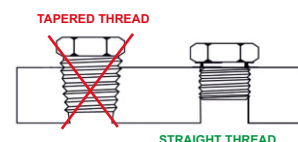

System Installation

WARNING!

To seal threaded connection use only Teflon tape. Do not use it with cone-shaped (tapered) connections type.

AR

AR
RO SYSTEMS

AR RO SYSTEMS

Reverse osmosis (RO) is a water purification technology that uses a partially permeable membrane to remove ions, molecules and larger particles from drinking water. In reverse osmosis, an applied pressure is used to overcome osmotic pressure, a colligative property, that is driven by chemical potential differences of the solvent, a thermodynamic parameter. Reverse osmosis can remove many types of dissolved and suspended chemical species as well as biological ones (principally bacteria) from water, and is used in both industrial processes and the production of potable water.

RO SYSTEMS

AR-REG RO SYSTEMS WITHOUT PUMPS

**RX55139415****5 stage reverse osmosis system.**

Equipt with post filtration carbon cartridge (AICRO), designed to remove unpleasant taste and odors to produce cleaner, clearer, better tasting water.

Set includes:**Cartridges:**

FCPS5, FCCA, FCCBL, AICRO and TFC-75F RO membrane 75GPD.

Accessories:

faucet, feed water connector, tubing, tank, and other accessories for quick installation.

**RX65139415****6 stage reverse osmosis system.**

Equipt with post filtration carbon cartridge (AICRO), designed to remove unpleasant taste and odors to produce cleaner, clearer, better tasting water and AIMRO mineralizing cartridge, which enriches water with elements such as calcium and magnesium.

Set includes:**Cartridges:**

FCPS5, FCCA, FCCBL, AICRO, AIMRO cartridges and TFC-75F RO membrane 75 GPD.

Accessories:

faucet, feed water connector, tubing, tank, and other accessories for quick installation.

**RX75139415****7 stage reverse osmosis system with mineralizing and ionizing cartridges.**

Equipt with post filtration carbon cartridge (AICRO), designed to remove unpleasant taste and odors to produce cleaner, clearer, better tasting water, AIMRO mineralizing cartridge, which enriches water with elements such as calcium and magnesium and AIFIR2000 ionizing cartridge which helps to flush the toxins out of the organism.

Set includes:**Cartridges:**

FCPS5, FCCA, FCCBL, AICRO, AIMRO, AIFIR2000 cartridges and TFC-75F RO membrane 75 GPD.

Accessories:

faucet, feed water connector, tubing, tank, and other accessories for quick installation.

**RX55249516****5 stage reverse osmosis system.**

Equipt with post filtration carbon cartridge (AICRO), designed to remove unpleasant taste and odors to produce cleaner, clearer, better tasting water.

Set includes:**Cartridges:**

FCPS5, FCCA, FCCBL, AICRO and TFC-75F RO membrane 75 GPD.

Accessories:

double faucet, feed water connector, tubing, tank, and other accessories for quick installation.

**RX65259516****6 stage reverse osmosis system.**

Equipt with post filtration carbon cartridge (AICRO), designed to remove unpleasant taste and odors to produce cleaner, clearer, better tasting water and AIMRO mineralizing cartridge, which enriches water with elements such as calcium and magnesium.

Set includes:**Cartridges:**

FCPS5, FCCA, FCCBL, AICRO, AIMRO and TFC-75F RO membrane 75 GPD.

Accessories:

double faucet, feed water connector, tubing, tank, and other accessories for quick installation.

**RX75259516****7 stage reverse osmosis system with mineralizing and ionizing cartridges.**

Equipt with post filtration carbon cartridge (AICRO), designed to remove unpleasant taste and odors to produce cleaner, clearer, better tasting water, AIMRO mineralizing cartridge, which enriches water with elements such as calcium and magnesium and AIFIR2000 ionizing cartridge which helps to flush the toxins out of your body.

Set includes:**Cartridges:**

FCPS5, FCCA, FCCBL, AICRO, AIMRO, AIFIR2000 cartridges and TFC-75F RO membrane 75 GPD.

Accessories:

double faucet, feed water connector, tubing, tank, and other accessories.

RO SYSTEMS

AR-WPU RO SYSTEMS WITH PUMPS

RP55139715

5 stage reverse osmosis system with pump. Equipt with post filtration carbon cartridge (AICRO), designed to remove unpleasant taste and odors to produce cleaner, clearer, better tasting water. Additionally a booster pump was added, which allows to install the system in installation where water pressure is lower than 2,8 bar.

Set includes:

Cartridges:

FCPS5, FCCA, FCCBL, AICRO and TFC-75F RO membrane 75GPD.

Accessories:

pump with transformer, faucet, feed water connector, tubing, tank, and other accessories for quick installation.

RP65139715

6 stage Reverse Osmosis system with pump. Equipt with post filtration carbon cartridge (AICRO), designed to remove unpleasant taste and odors to produce cleaner, clearer, better tasting water and AIMRO mineralizing cartridge, which enriches water with elements such as calcium and magnesium. Additionally a booster pump was added, this allows to install the system in installation where water pressure is lower than 2,8 bar.

Set includes:

Cartridges:

FCPS5, FCCA, FCCBL, AICRO, AIMRO and TFC-75F RO membrane 75GPD.

Accessories:

pump with transformer, faucet, feed water connector, tubing, tank, and other accessories for quick installation.

RP75139715

7 stage Reverse Osmosis system with pump. Equipt with post filtration carbon cartridge (AICRO), designed to remove unpleasant taste and odors to produce cleaner, clearer, better tasting water and AIMRO mineralizing cartridge, which enriches water with elements such as calcium and magnesium, AIFIR2000 ionizing cartridge which helps to flush the toxins out of your body. Additionally a booster pump was added, this allows to install the system in installation where water pressure is lower than 2,8 bar.

Set includes:

Cartridges:

FCPS5, FCCA, FCCBL, AICRO, AIMRO, AIFIR2000 and TFC-75F RO membrane 75GPD.

Accessories:

pump with transformer, faucet, feed water connector, tubing, tank, and other accessories for quick installation.

AR-AQU OTHER RO SYSTEMS

RX-AFRO3-AQ

3 stage reverse osmosis system for aquarium is one of the best methods to obtain pure water. Additionally the system contains two pre-filters, which protect the membrane. Set includes: AIPRO and AICRO cartridges and TFC-75F RO membrane, feed water connector tubing, and all accessories.

Set includes:

Cartridges:

AIPRO, AICRO and TFC-75F

Accessories:

feed water connector tubing, and all accessories.

AR-CAS RO SYSTEMS IN CASES

EXCITO-OSSMO

4-stage RO water filtration system with modern design, equipt with TFC-70F-TW RO membrane and the latest TWIST type filter cartridges. System contains modern TWIST type cartridges which allows quick and easy cartridge replacement without the use of special tools.

Set includes:

Cartridges:

sediment cartridge AIPRO-1M-TW, carbon block FCCBL-S-TW, 70 GPD membrane TFC-70F-TW and post filter with minerals FCCM-TW

Accessories:

FXFCH17-C faucet, feed water connector 1/2, tubing, tank, and all accessories.

RO SYSTEMS

AR-ELITE SYSTEM RO ELITE

**ELITE7G**

Elite 7 Stage 75 GPD RO system on gray free standing bracket includes seven filtration stages without pressure gauge.

Set includes:**Cartridges:**

FCPS20-AB, FCCA, FCCBL, AICRO, AIMRO, AIFIR2000 cartridges and TFC-75F RO membrane.

Accessories:

FXFCH17-C faucet, feed water connector, tubing, tank, and all accessories.

ELITE7G-G

Elite 7 Stage 75 GPD RO system on gray free standing bracket includes seven filtration stages with pressure gauge.

Set includes:**Cartridges:**

FCPS20-AB, FCCA, FCCBL, AICRO, AIMRO, AIFIR2000 cartridges and TFC-75F RO membrane.

Accessories:

FXFCH17-C faucet, pressure gauge, feed water connector, tubing, tank, and all accessories.

ELITE7G-GP

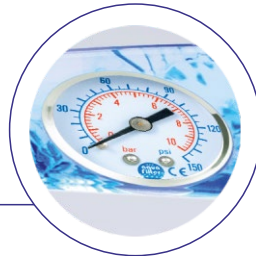

Elite 7 Stage 75 GPD RO system on gray free standing bracket includes seven filtration stages with pump, pressure gauge.

Set includes:**Cartridges:**

FCPS20-AB, FCCA, FCCBL, AICRO, AIMRO, AIFIR2000 cartridges and TFC-75F RO membrane.

Accessories:

FXFCH17-C faucet, pressure gauge, pump, feed water connector, tubing, tank, and all accessories.

**ELITE7W**

Elite 7 Stage 75 GPD RO system on white free standing bracket includes seven filtration stages without pressure gauge.

Set includes:**Cartridges:**

FCPS20-AB, FCCA, FCCBL, AICRO, AIMRO, AIFIR2000 cartridges and TFC-75F RO membrane.

Accessories:

FXFCH17-C faucet, feed water connector 1/2, tubing, tank, and all accessories.

ELITE7W-G

Elite 7 Stage 75 GPD RO system on white free standing bracket includes seven filtration stages with pressure gauge.

Set includes:**Cartridges:**

FCPS20-AB, FCCA, FCCBL, AICRO, AIMRO, AIFIR2000 cartridges and TFC-75F RO membrane.

Accessories:

FXFCH17-C faucet, pressure gauge, feed water connector 1/2, tubing, tank, and all accessories.

ELITE7W-GP

Elite 7 Stage 75 GPD RO system on white free standing bracket includes seven filtration stages with pump, pressure gauge.

Set includes:**Cartridges:**

FCPS20-AB, FCCA, FCCBL, AICRO, AIMRO, AIFIR2000 cartridges and TFC-75F RO membrane.

Accessories:

FXFCH17-C faucet, pressure gauge, pump, feed water connector 1/2, tubing, tank, and all accessories.
